

We are so in love with the new alley art! The response from the public has been fantastic. We can't thank these people enough for their vision and follow through:

4th of July Bike Parade

A short rain shower washed the streets but we had a great turnout for the Great American 4th of July Kiddie Bike Parade. We had bikes and wagons, kids and adults, with great decorations and costumes. And our wonderful JPD officers even joined us afterwards for root beer floats in the park. We want to thank our local Walmart for donating the girls and boys bikes, Fantastic Fireworks for the free sparkler certificates and Dairy Queen for the free ice cream cone coupons. Our local Sertoma Club served the root beer floats to around 100 kids and adults. Bike Winners Gabby Kolden and Qwint Irish are pictured below:

What's Going on Downtown?

Where in the world is this?

A mysterious medallion has been found on a 1st Ave sidewalk.

Turns out that quite a few of them have been placed in towns across the country and no one knows why or by whom. For an interesting dig, visit ninepointedstar.com

ECONOMIC RESILIENCY GRANT (ERG)

The North Dakota Department of Commerce's **Economic Resiliency Grant (ERG)** Program has been created to help restore consumer confidence in the marketplace while reducing the spread of COVID-19. **The ERG is a grant – not a loan.**

North Dakota businesses can apply for **grant funding up to \$50,000** (up to \$100,000 for businesses with more than one location) for investments with the purpose of reducing the spread of COVID-19. Grant funds must be used for **DIRECT** investments, such as:

- Investments that reduce repetitive touch, such as:
 - » Touchless payment systems or document signing systems
 - » Automatic faucets, toilets and door kicks
 - » Technology to manage take-out, or drive-through orders
- Improvements that create distance between customers or customers and employees
 - » Expanded outdoor dining
 - » Partitions between workers who cannot be socially distanced
- Purchases of items that directly controls infection, such as:
 - » PPE
 - » UV sanitizers
 - » Temperature checking equipment

To be eligible, businesses must:

- have a permanent physical location in North Dakota
- have been financially viable before the coronavirus pandemic
- have experienced negative financial impact due to the coronavirus pandemic
- show how the grant will improve the business' COVID-19 resiliency and restore consumer confidence
- be in good standing with the ND Secretary of State or applicable tribal government
- have made the investment in qualifying improvements on or after March 27, 2020 or use the money to make qualifying improvements within 45 days of receiving the grant or prior to December 29, 2020, whichever comes first
- use the grant money **ONLY** for approved expenses as listed on the grant application
- return any unused grant funds to the state.

Applications open July 31, 2020.

Applications will be processed on a first-come, first served-basis. Funding will be approved if the application meets all criteria and if funding is still available. The application and additional information, including educational sessions will be available shortly at: <http://belegendary.link/ERG>.

For questions on the ERG Program, contact our business help line at businesshelpCOVID19@nd.gov.
